2025-12-11 - Josh Olson - Product Updates

Product: CommuniGate SPEC 8.0.9

Release Date: 11 December 2025

Download: https://support.mailspec.com/en/downloads/8-0-spec

In this release:

- CalDAV: Fixed an issue that caused a permission error on macOS Calendar clients
- General: Updated the list of included Root CA certificates
- HTTPA: Improved the UI for the Monitors section of Sparkle skin
- General: Improved logging related to TLS/SSL errors
- SMTP: Added option for clear-text fallback for outbound SMTP connections
- CalDAV: Improved functionality related to free/busy information and Thunderbird
- Pronto!: Timed One Time Passwords (TOTP) UI now supports French translation
- Pronto!: Fixed other French translation issues
- Pronto!: Improved UI to display dates properly when scheduling calendar events
- General: Fixed an issue with SRS (Sender Rewrite Scheme) related to rules and the envelope message sender address
- Bug Fix: Fixed an issue where, if the 'Reject mail content if DKIM check fails' option is enabled, CommuniGate could crash
- Bug Fix: Fixed an issue that could result in multiple copies of license warning messages being sent
- Pronto!: Fixed several security vulnerabilities
- HTTPA: Improved Sparkle UI to support domain adminitrators' access to mailing list settings
- Pronto!: Fixed a bug causing problems with the 'Time Slice' functionality for calendar scheduling
- Bug Fix: Fixed an issue that prevented the Startup.sh file from being read when CommuniGate is installed on CentOS Stream

- Bug Fix: Fixed an issue related to OpenSSL that could cause CommuniGate to crash
- Bug Fix: Fixed an issue where the trial banner said "CommuniGate Pro" instead of "CommuniGate SPEC"
- General: Warning messages for license expiration now include the primary domain of the server
- Bug Fix: Fixed a bug that caused the subject of a message to not be displayed in Pronto! when certain character encoding is used

Please Note: CommuniGate SPEC requires different license keys than CommuniGate Pro. If you have any questions regarding the status of your subscription/license, or you would like to request keys, please open a sales ticket here
