2026-06-05 - Josh Olson - Product Updates

Product: CommuniGate SPEC 8.1.0

Release Date: 5 June 2026

Download: https://support.mailspec.com/en/downloads/81-spec

In this release:

- IMAP: Conditional store functionality added
- SMTP: SMTP smuggling protection added
- SMTP: Sending profiles are now supported
- SMTP: Added per-account Envelope From restrictions (None/Relaxed/Strict) for authenticated mail submissions
- Security: Added an option to add repeat offender IPs to a permanent blacklist automatically
- Security: Multiple updates to Pronto! to address known security vulnerabilities
- General: Admin UI will now display the number of licensed users when the limit is exceeded
- General: Password reset bypass request is now supported when using application-specific passwords
- General: SPF checking is now supported for internal domains
- General: Updated sounds were added to Pronto!
- General: Updated the copyright year
- General: Admin UI help links now point to our updated CommuniGate SPEC documentation
- Bug Fix: Fixed a typo in the admin UI for the “Cipher Strength” setting
- Bug Fix: Fixed an issue that could result in an infinite loading screen when logging into Pronto!
- Bug Fix: Fixed an issue where the copyright years were not updated
- Bug Fix: Fixed an issue with the HTTPA module that could result in a CommuniGate service crash
- Bug Fix: Fixed an issue related to mailing lists that could result in a CommuniGate service crash

- Bug Fix: Fixed an issue related to the IMAP conditional store that could result in a CommuniGate service crash

Please Note: There was a bug introduced with the initial build of 8.1.0 that could potentially cause the service to crash. If you downloaded/installed 8.1.0 before June 23, 2026, please re-download and install the updated build that is now available.

Please Note: CommuniGate SPEC 8.1.x and 8.0.x, as well as CommuniGate Pro, each require different license keys. If you have any questions regarding the status of your subscription/license, or you would like to request keys, please open a sales ticket here.
